COMPANY OVERVIEW

APLS Group LLC is a U.S.-based small business building upon the Founder's extensive experience leading APLS operations and supporting U.S. Government and prime-contractor programs in South and Central Asia.

Today, APLS Group LLC provides multilingual language services, logistics, technical support, and mission-support solutions to U.S. Government agencies, prime contractors, and international partners. We combine proven field experience, culturally adaptive language capabilities, logistics expertise, and technical support to help clients operate effectively in complex, austere, and high-risk environments. From our base in Murrieta, California, we support requirements across Southern California and overseas.
